Pussycat Lodge Trust

PCLT SPONSOR CAT CLUB SPONSORSHIP FORM

Registered Charity no: 1148883

Most of our cats get adopted but we do have lots of cats who just stay because they're extremely old or have health problems and that involves costly ongoing vet care and regular medication. That's why we designed our **Sponsor Cat Club** Programme so that all our supporters can be part of caring for these Pussycat's long term. We currently have over 40 sponsor cats being cared for in several sponsor homes where all their needs are met, and they are safe and loved. As a Sponsor you would be a vital part of our programme helping to protect and look after cats in need.

And sponsoring a cat couldn't be easier. For £5 per month (or £55 annually) you could be part of our **Sponsor Cat Club** Programme which is unique in supporting these cats, providing food, medication, and ongoing cat care. Nymera is one of these cats and her story is at the bottom. If you can help us to help cats like Nymera please complete and return the form below. Thank you.

Kerry Whitaker - Sponsor Cat Club Secretary

I would like to be part of the **PCLT Sponsor Cat Club** (please tick one)

MONTHLY (£5)

or

ANNUALLY (£55)

For the yearly membership please enclose a cheque for £55.00 made payable to Pussycat Lodge Trust

NYMERA'S STORY – Nymera arrived at PCLT in early June 23 after she was found roaming around by neighbours for several weeks. She arrived in a very sorry state, her paws were inflamed, and she was hopping with fleas. Nymera also tested FIV+ and will likely need ongoing vet treatment along with regular medication to manage her health problems. With the assistance of our **Sponsor Cat Club**, she will be able to get the correct treatment to keep her as happy and healthy as possible. Nymera needs two operations, but will receive the love, care, and support she needs to recover with her Sponsor mum.

Your donations make a difference to cats like Nymera – Thank You.
